

Avishkar Dixit

Frontend Engineer (Angular) | 2.5+ Years | Performance & Scalable UI Systems

avishkardixit.in || +91 7057384548 || avishkardixita@gmail.com || [linkedin.com](https://www.linkedin.com) || [Github](https://github.com)

SUMMARY

Frontend Engineer with 2.5+ years of experience building scalable, high-performance web applications using Angular. Strong expertise in TypeScript, RxJS, and component-driven architecture. Proven ability to optimize UI performance, reduce API overhead, and build reusable UI systems in enterprise environments.

EXPERIENCE

Software Analyst at [Accenture](#)

02/2024 - Present

- Built reusable Angular components with OnPush strategy, reducing re-render cycles in data-heavy modules.
- Reduced API calls by 30% using RxJS switchMap and debouncing, improving UI responsiveness.
- Developed dynamic reactive forms with validations that enhanced UI experience.
- Implemented lazy loading and optimized change detection to optimize large data grid performance.
- Designed reusable UI components using Kendo UI to avoid repetitive code and improved application performance.
- Integrated REST APIs using HttpClient with interceptors.
- Implemented JWT authentication and route guards.
- Improved rendering performance using OnPush change detection and RxJS shareReplay caching.

Test Engineer at [GlobalStep](#)

09/2023 - 02/2024

- Executed functional and regression testing.
- Collaborated with developers to resolve UI/UX issues.

PROJECTS

Integrated Billing, Inventory & Lending Management System.

Link - <https://white-grass-04c9f6c0f.6.azurestaticapps.net>

Repo - <https://github.com/avishkardixit/bill-management-app>

- Developed frontend using Angular with component-based architecture to maintain clean code structure.
- Reduced bundle size by 10% using lazy loading and module-level code splitting.
- Managed API integration using HttpClient and RxJS.
- Designed UI for inventory tracking and billing workflows.
- Deployed application on Azure Static Web Apps.

Portfolio website

Link - avishkardixit.in

Repo - <https://github.com/avishkardixit/portfolio-app>

- Developed responsive Angular portfolio.
- Added email communication by EmailJS service to get clear communications from frontend to email without any backend.
- Implemented CI/CD using GitHub Actions to ensure continuous deployment without any manual intervention.

SKILLS

Frontend: Angular, TypeScript, Lazy Loading, Change Detection, CDK, Forms, RxJS, HTML, CSS, Kendo UI, Tailwind CSS,

Architecture: Micro Frontend, Component Architecture, Library and Submodule

Tools: Git, GitHub, Azure DevOps

EDUCATION

- Master's in Computer Science (2023 - 2025)**

New Arts, Commerce and Science College, Parner – 7.7 SGPA

- Bachelor of computer science (2020 - 2023)-**

New Arts, Commerce and Science College, Ahmednagar – 8.5 SGPA

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900).
- GitHub Copilot Certification.
